

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Daniel Swets
DOCKET NO.: 04-26445.001-R-1
PARCEL NO.: 29-17-207-013-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Daniel Swets, the appellant, by attorney Edwin Wittenstein of Worsek & Vihon LLP of Chicago and the Cook County Board of Review (board).

The subject property consists of a 100-year old, two-story, frame dwelling located in Thornton Township, Cook County. The improvement contains 5,092 square feet of living area as well as a full basement, a fireplace and a two-car garage.

The appellant's attorney argued that the fair market value of the subject is not accurately reflected in its assessed value as the basis for this appeal.

The appellant argued that the subject's recent sale best reflected the subject's market value. In support of this argument, the appellant indicated through a settlement statement that the subject was purchased on December 29, 2004 for \$40,000. The Realtor's listing described the sale to be "as is" and the house as a "This Old House". Based upon this evidence, the appellant requested a reduction in the subject's total assessment to reflect the reduced market value.

The board of review submitted "Board of Review-Notes on Appeal" that reflect the subject's total assessment of \$35,553. The improvement assessment currently stands at \$33,566, or \$6.59 per square foot of living area. The board offered a description of the subject and its recent sale dated December 16, 2004 for \$40,000. The board submitted no other evidence to support the subject's assessment. The board's evidence was silent as to the appellant's market value argument. As a result of its analysis, the board requested confirmation of the subject's assessments.

(Continued on Next Page)

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds a reduction in the assessment of the property as established by the COOK County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,987
IMPR.: \$2,009
TOTAL: \$3,996

Subject only to the State multiplier as applicable.

PTAB/TMcG.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal.

When overvaluation is claimed the appellant has the burden of proving the value of the property by a preponderance of the evidence. *Property Tax Appeal Board Rule 1910.63(e)*. Proof of market value may consist of an appraisal, a recent arm's length sale of the subject property, recent sales of comparable properties, or recent construction costs of the subject property. *Property Tax Appeal Board Rule 1910.65(c)*.

The PTAB finds that the appellant has met this burden and has submitted the best evidence of market value. The appellant's settlement statement indicates that the subject property was purchased for \$40,000. The board of review submitted no evidence to rebut the arm's length nature of this transaction. Moreover, the board of review's evidence does not address the appellant's market value argument.

Since the market value of the subject has been established, the Department of Revenue's 2004 three-year median level of assessments for Cook County Class 2 property of 09.99% will apply.

In applying, the Department of Revenue's median level of assessment for class 2 properties in Cook County of 09.99% for tax year 2004, the subject's total assessment should not be in excess of \$3,996, while the subject's current total assessment is at \$35,553.

As a result of this analysis, the PTAB finds that the appellant has adequately demonstrated that the subject property was overvalued and that a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code.
